

LEAD GENERATION AND DATA SHARING AGREEMENT

(Option B — Review-and-Select Trial)

Dated [INSERT DATE]

PARTIES

(1) ASHFIELD TRADING LIMITED (company number 16358723), whose registered office is at 20 Ashfield Avenue, Shipley, BD18 3AL, trading as Property Tax Partners (the "Supplier"); and

(2) SHAZIN TAYUB, a director of Haines Watts (the "Client"),

each a "party" and together the "parties".

BACKGROUND

(A) The Supplier operates the website at propertytaxpartners.co.uk and related digital properties under the brand "Property Tax Partners" (the "Site"), through which it receives enquiries ("Leads") from landlords, property investors and others seeking specialist property-tax advice.

(B) The parties wish to trial a review-and-select arrangement. As each higher-tier Lead arrives, the Supplier will offer it to the Client as an Anonymised Summary; the Client may choose whether to purchase it; and only Leads the Client selects are Delivered and charged for. This is not an exclusive whole-flow arrangement: neither party commits to any minimum volume, and the Supplier retains discretion over where its Leads are placed, save that any Lead the Client selects and pays for is exclusive to the Client and is not offered to anyone else.

(C) The Supplier collects each Lead as a controller and, on Delivery of a Selected Lead, the Client becomes a controller in its own right and decides independently whether and how to respond to and advise the enquirer. The parties share the Lead Data as independent controllers. This is a controller-to-controller data sharing arrangement, not a processor arrangement, and neither party acts as the other's processor.

(D) The Supplier does not guarantee that any Lead will respond, engage or become a client. It warrants that each Selected Lead meets the agreed definition, and nothing more.

IT IS AGREED as follows.

1. DEFINITIONS AND INTERPRETATION

1.1 In this Agreement:

"Anonymised Summary" means the redacted description of a Lead offered to the Client under clause 3, in the format of the sample in the Supplier's proposal (tier with rationale, enquiry intent, the enquirer's self-selected role and portfolio band, verification status, and the redacted enquiry message), containing enough detail for the Client to judge the work required before selecting it.

"Charges" means the fees payable under clause 6 and Schedule 1.

"Commencement Date" means the date stated in Schedule 1 or, if none, the date of this Agreement.

"Commissioner" means the Information Commissioner and the Information Commission established under the Data (Use and Access) Act 2025.

"Data Protection Legislation" means the UK GDPR, the Data Protection Act 2018 (as amended by the Data (Use and Access) Act 2025), the Privacy and Electronic Communications (EC Directive) Regulations 2003 ("PECR"), and other applicable law, codes and guidance, as amended from time to time.

"Controller", "Personal Data", "Personal Data Breach", "process" and related terms have the meanings given there.

"Delivery" means transmission of a Selected Lead to the Nominated Address under clause 3 ("Deliver" and "Delivered" are construed accordingly).

"Delivery Log" means the Supplier's log of Leads offered and Selected Leads Delivered, kept under clause 3.6.

"Higher-Tier Lead" means a Lead the Supplier assesses as Very High or High tier under its tiering method (broadly, larger portfolios or £5,000-plus projects usually carrying recurring work (Very High), and enquiries with roughly £1,000 to £3,000 per year of recurring potential (High)).

"Lead" means an enquiry submitted or captured through the Site.

"Lead Data" means the Personal Data comprised in a Selected Lead, as specified in Annex A.

"Lead Fee" means £150 per Selected Lead during the Trial Period, as set out in Schedule 1.

"Nominated Address" means the email address or delivery endpoint nominated by the Client in Schedule 1 for receiving Selected Leads (as updated in writing).

"Offer" means the Supplier's presentation of an Anonymised Summary to the Client under clause 3 ("Offered" is construed accordingly).

"Permitted Purpose" has the meaning given in Schedule 2, paragraph 1.

"Selected Lead" means a Higher-Tier Lead that the Client accepts within the Selection Window under clause 3.3, which is billable on Delivery subject to the credits in clause 5.

"Selection Window" means 2 Working Days from the time the Supplier Offers a Lead, as set out in Schedule 1.

"Term" means the term of this Agreement under clause 2.

"Trial Period" means the period beginning on the Commencement Date and ending on the earlier of (a) Delivery of the fifteenth Selected Lead, and (b) the date three months after the Commencement Date.

"UK GDPR" has the meaning given in section 3(10) of the Data Protection Act 2018.

"Working Day" means a day other than a Saturday, Sunday or public holiday in England when banks in London are open.

1.2 Headings do not affect interpretation; "including" is without limitation; "writing" includes email; and a reference to a statute includes its amendments and subordinate legislation. If the body of this Agreement and a Schedule conflict, the body prevails, except that Schedule 2 prevails on any matter concerning the processing of Personal Data.

2. TERM

2.1 This Agreement begins on the Commencement Date and continues for the Trial Period, unless terminated earlier under clause 15.

2.2 The Lead Fee and other terms in this Agreement apply for the Trial Period. Any continuation of the arrangement after the Trial Period, and any charges for it, take effect only if and as the parties agree in writing. Nothing in this Agreement causes the Lead Fee to change automatically, and no charge applies after the Trial Period unless so agreed.

3. SERVICE, OFFER AND SELECTION

3.1 During the Term, as each Higher-Tier Lead arrives, the Supplier will Offer it to the Client by sending an Anonymised Summary to the Client's contact in Schedule 1, promptly after the Lead is received and verified.

3.2 The Client is under no obligation to accept any Offer, and the Supplier is under no obligation to Offer any minimum number of Leads. There is no minimum volume either party must Offer or purchase.

3.3 The Client may accept an Offer by notifying the Supplier in writing within the Selection Window. On acceptance, the Lead becomes a Selected Lead, and the Supplier will Deliver the full Lead (the enquirer's name, verified email address, verified telephone number, self-selected role, self-disclosed portfolio-size band and enquiry message) to the Nominated Address and invoice it under clause 6.

3.4 If the Client does not accept an Offer within the Selection Window, the Offer lapses, no Lead Fee is payable, and the Supplier may Offer or supply that Lead to any other person. Acceptance is first-come on any given Lead.

3.5 Each Selected Lead the Client pays for is exclusive to the Client under clause 4. Otherwise the Supplier gives no exclusivity over the Site's Lead flow, retains discretion over which Leads it Offers and to whom it places Leads, and does not warrant any volume, frequency, timing, tier mix, value or conversion of Leads.

3.6 The Supplier will keep an accurate Delivery Log recording, for each Lead Offered, the date and time of the Offer and a reference, and for each Selected Lead, the date and time of Delivery. The Delivery Log is the basis for invoicing under clause 6, is retained for at least 24 months, and relevant extracts are available to the Client on reasonable request.

3.7 The Client will keep the Nominated Address operational and able to receive Selected Leads. The Supplier is not responsible for a Delivery failure caused by the Client's systems, mailbox or filtering.

3.8 The Supplier will transmit Selected Leads by the secure method described in Schedule 2, and will not Deliver a Lead where the lawful basis required by Schedule 2 is absent, or where the enquirer has objected to the sharing under Article 21 of the UK GDPR or withdrawn any consent relied on.

4. EXCLUSIVITY OF SELECTED LEADS

4.1 Each Selected Lead for which the Client pays the Lead Fee is exclusive to the Client. The Supplier will not sell, license, Offer or make that Selected Lead available to any other person.

4.2 This Agreement does not give the Client exclusivity over the Site's overall Lead flow. The Supplier may Offer, supply or place any Lead the Client has not selected (including a lapsed Offer under clause 3.4) to any other person, and may operate any other website, brand or business.

4.3 Per-Lead exclusivity under clause 4.1 is conditional on payment. If the Lead Fee for a Selected Lead is validly credited under clause 5, or any undisputed sum is overdue and the Supplier suspends under clause 7, the exclusivity for the affected Lead does not apply and the Supplier may supply it to any other person without breach of this Agreement.

5. SELECTED LEADS AND CREDITS

5.1 A Selected Lead qualifies for its Lead Fee if, at the time of Delivery, it: (a) is a genuine property-tax enquiry; (b) was submitted or captured through the Site by the enquirer; (c) carries the enquirer's name together with a verified email address and a verified telephone number ("verified" meaning confirmed live through the Supplier's contactability sequence), save that where the Anonymised Summary disclosed that only one verified contact channel was available and the Client nonetheless selected the Lead, that single verified channel suffices; and (d) is Delivered to the Nominated Address with the lawful basis for sharing

required by Schedule 2, and materially corresponds to the Anonymised Summary the Client selected. Whether the contact details later prove functional in the Client's hands is not a condition of qualification; non-functional details give rise only to the credit in clause 5.5(d).

5.2 A Selected Lead is billable on Delivery. The Lead Fee is earned and payable on Delivery and is not contingent on whether the enquirer responds, is contactable, engages, attends a meeting, accepts a proposal, becomes a client, or generates revenue, except as provided by the credits in this clause 5.

5.3 Verification before Offer. Before Offering a Lead, the Supplier confirms through its contactability sequence that the enquirer's email address and telephone number are live and that the enquirer has actively responded. The Supplier applies spam and scope filtering but does not verify the truth, accuracy or completeness of what an enquirer states. The Client selects each Lead from its Anonymised Summary, which discloses the enquiry intent, the matter type, the enquirer's self-selected role and portfolio-size band, the verification status and the redacted enquiry message.

5.4 Selection estoppel. Because the Client chooses each Selected Lead from its Anonymised Summary, the Client may not claim a credit on any ground that was disclosed by, apparent from, or reasonably inferable from that Anonymised Summary. A credit is available only for a matter that was not so disclosed or inferable and that falls squarely within clauses 5.5 to 5.7. In each case the Client bears the burden of establishing the ground with evidence; the Lead Fee remains payable unless and until the ground is established.

5.5 Objective credit. Within 3 Working Days of Delivery, the Client may flag a Selected Lead, in writing with evidence sufficient for the Supplier reasonably to verify the ground, on these grounds only:

(a) Not genuine — the enquiry is spam, bot-generated or a fabricated submission that is not from a genuine human enquirer. A genuine human enquiry is not within this ground merely because the Client considers it low value or would prefer not to act on it.

(b) Duplicate — the same enquirer and the same underlying matter were the subject of a Selected Lead already Delivered to and payable by the Client within the previous 30 days. A fresh enquiry about a different matter from the same enquirer, or a lead previously supplied to any other firm, is not a duplicate.

(c) Out of scope — the enquiry is not a property-tax or related accountancy enquiry at all. An enquiry within property tax that the Client would prefer not to handle is not out of scope.

(d) Dead contact details — every verified contact channel Delivered with the Lead is non-functional after Delivery, so the enquirer cannot be reached on any supplied channel. Where both an email and a telephone number were Delivered, this requires both the email to hard-bounce and the telephone number to be invalid, disconnected or unobtainable; where the Client selected a Lead for which only one verified contact channel was available, it requires that single channel to be non-functional. A live telephone number that rings out, goes unanswered or diverts to voicemail, and a mailbox that accepts mail, do not qualify. This ground does not apply where the failure to make contact is attributable to the Client's own systems, delay or error. Because contact details are verified live before Offer, a flag on this ground must show a channel failure arising after Delivery.

(e) Materially different — the Delivered Lead differs from the Anonymised Summary the Client selected in a way fundamental to the nature or subject of the enquiry (for example a different matter type or a different enquiry intent), such that a reasonable specialist firm, shown that difference, would not have selected it. Immaterial variance, further detail consistent with the Summary, or the Lead proving less valuable than the Client hoped, is not a material difference.

5.6 Dead-lead credit. A Selected Lead whose contact details are functional but who does not engage at all may be credited only where the Client evidences a genuine, prompt and sustained pursuit of the enquirer, being all of: (a) no fewer than 7 (and ordinarily up to 9) genuine contact attempts within the 14 days following Delivery; (b) the first attempt made within 2 Working Days of Delivery; (c) all attempts made to the verified contact details Delivered; (d) made using every contact channel Delivered with the Lead that is available for pursuit — telephone call, voicemail, text message (SMS) and email, as applicable to the

channels available — and, where both a telephone number and an email were Delivered, including at least one telephone call and at least one written message; and (e) spread across no fewer than 5 separate days within the period (attempts clustered so as to manufacture the count do not qualify). The credit is not available if the enquirer engaged in any way during the period, including any reply by any channel, an answered call, or a booking. The Client must flag the Lead in writing within the 14-day window, with a contact log recording the date, time and channel of each attempt (for example call records, message copies or a CRM export).

5.7 Already-advised credit. A Selected Lead is credited where, before submitting the enquiry, the enquirer had already engaged another adviser to carry out the specific property-tax work that is the subject of the enquiry. It is not enough that the enquirer has an existing general accountant or adviser for other matters; the prior engagement must be for the same work the enquiry seeks. An enquirer who engages another adviser at or after the time of submitting the enquiry, or who has done so by the time the Client makes contact, is a matter of contact timing and not of Lead quality and remains chargeable; the Client should respond promptly to minimise this. A flag under this clause requires the enquirer's own confirmation, volunteered by the enquirer unprompted (or a contemporaneous written record of the enquirer stating so on their own initiative), showing that the prior engagement pre-dates the enquiry; a statement drawn out by the Client's leading question does not suffice. The flag must be made in writing promptly on the Client becoming aware and in any event within 14 days of Delivery. The Supplier will provide the enquiry date and time from the Delivery Log on request.

5.8 Flag mechanics. A flag under this clause 5 must be made in writing to the Supplier's contact in Schedule 1, within the applicable window (time being of the essence), identify the Lead by its Delivery Log reference, state the single ground relied on and include the required supporting evidence. A late, unevidenced, insufficiently evidenced or otherwise-grounded flag is not valid and the Lead Fee remains payable. A Lead may be credited on one ground only, and a Lead once credited is not also billable.

5.9 Review. The Supplier will review each valid, evidenced flag reasonably and in good faith and notify the Client of its determination within 10 Working Days. For a flag under clause 5.5(d) (dead contact details) only, if the Supplier does not respond within 10 Working Days of a valid, evidenced flag, the flag is treated as accepted; for every other ground, the Supplier's silence is not acceptance and the flag stands as a good-faith query under clause 6.5 until determined. Where a flag is accepted, the Lead Fee is credited against the next invoice (or, if none is due, refunded within 30 days). On a final invoice, where the Client has validly flagged a Lead not yet reviewed, the Client may withhold that Lead Fee pending review, any amount then found payable being due within 5 Working Days.

5.10 Except as provided in this clause 5, the Client has no right to unilaterally withhold, set off or reduce payment of the Lead Fee for any Delivered Selected Lead, and no ground other than those in this clause 5 entitles it to a credit. Each Lead Fee stays payable on its due date while any query is being discussed, except an amount validly disputed under clause 7.3.

5.11 The Client's tracking and record-keeping. The Client is solely responsible for tracking each Selected Lead, for carrying out its own outreach and contactability sequence, and for creating and keeping, at the time, the records and contact log that a credit under this clause 5 requires (including the date, time, channel and outcome of each contact attempt, and the enquirer's own statements). The Supplier has no obligation to prompt, remind, track, chase or reconstruct the Client's outreach or its evidence. If the Client fails to carry out the required steps, or to log them, within the applicable window, the credit is not available and the Lead Fee stands; a shortfall in the Client's own organisation or record-keeping is not a ground for a credit and is not a reason to extend any window (time being of the essence).

6. CHARGES, INVOICING AND PAYMENT

6.1 The Client will pay the Lead Fee for each Selected Lead Delivered, calculated from the Delivery Log, together with any other Charges in Schedule 1.

6.2 VAT. Charges are exclusive of VAT. The Supplier is not currently registered for VAT, so no VAT is chargeable as at the Commencement Date. If the Supplier becomes registered, it may add VAT at the prevailing rate against a valid VAT invoice.

6.3 The Supplier will invoice monthly in arrears in accordance with Schedule 1. Each invoice states the number of Selected Leads Delivered in the Billing Period, the Lead Fee, any credits under clause 5 and the total payable, and is accompanied by an itemised Lead Statement (drawn from the Delivery Log) listing each Selected Lead billed with its Delivery Log reference and the date and time of Delivery.

6.4 The Client will pay each invoice in full and in cleared funds within 14 days of its date, without set-off, deduction or withholding except as required by law or as permitted by clause 5 (credits) or clause 7.3 (genuinely disputed sums).

6.5 Records and reconciliation. The Client will keep its own record of the Selected Leads it receives. Within 10 Working Days of each invoice and Lead Statement, the Client will notify the Supplier in writing of any discrepancy (for example, a billed Lead it has no record of selecting or receiving, or one counted more than once), identifying the affected Leads; the parties will reconcile in good faith and any agreed over-charge is credited or refunded. Absent a timely, substantiated notice, the Delivery Log is the agreed record for that Billing Period.

6.6 Audit. No more than twice in any 12-month period, on reasonable written notice and under confidentiality, the Client (or its auditors) may inspect the Delivery Log and the Supplier's lawful-basis and consent records for the preceding 12 months, to verify the invoiced count and the warranty in clause 8.4. The Client bears its own costs, unless a material discrepancy or non-compliance is found, in which case the Supplier bears the reasonable cost.

7. LATE PAYMENT AND SUSPENSION

7.1 If the Client fails to pay any undisputed sum when due, interest accrues on the overdue amount at 8% per year above the Bank of England base rate from the due date until payment (before and after judgment). This is equal to, and in satisfaction of, statutory interest under the Late Payment of Commercial Debts (Interest) Act 1998; the Supplier is also entitled to the fixed-sum compensation and reasonable recovery costs under that Act. Nothing in this Agreement reduces the Supplier's statutory rights under that Act.

7.2 If an undisputed sum remains unpaid more than 10 Working Days after the Supplier gives written notice, the Supplier may suspend Offers and/or Delivery until all overdue sums (with interest) are paid. A valid suspension is not a breach by the Supplier and the Supplier has no liability for it.

7.3 Clauses 7.1 and 7.2 apply to undisputed sums only. The Client must notify any genuine, good-faith invoice dispute within 10 Working Days of receipt, giving reasons. Clauses 7.2 and 15.2 do not apply to the disputed portion while it is resolved in good faith, and the Client must pay the undisputed balance when due.

8. DATA PROTECTION

8.1 Each party will comply with the Data Protection Legislation in respect of its own processing of the Lead Data. This clause and Schedule 2 are in addition to those obligations.

8.2 The Supplier is the Controller of the Lead Data up to Delivery; the Client becomes a Controller on Delivery of a Selected Lead. The parties share the Lead Data as independent Controllers, and neither is the other's Processor.

8.3 The detailed data protection obligations are in Schedule 2 and its Annexes, which both parties will comply with.

8.4 The Supplier warrants that, for each Selected Lead it Delivers, it has a valid lawful basis to share the Lead Data with the Client for the Permitted Purpose, has provided the enquirer with the transparency information Schedule 2 requires, and holds any consent required; and that it will not Deliver a Lead where the required basis is absent, or where the enquirer has objected under Article 21 or withdrawn any consent relied on. The Client warrants that it will process the Lead Data only in accordance with Schedule 2 and the Data Protection Legislation.

8.5 Transfer of responsibility on Delivery. From Delivery of a Selected Lead to the Nominated Address, the Client is responsible, as Controller, for that Lead Data, including its storage, security, retention, use and onward processing. The Supplier is not responsible or liable for the Client's handling of the Lead Data after Delivery. This does not relieve the Supplier of liability for its own breach of clause 8 and Schedule 2 up to and including Delivery (for example, sharing a Lead without a valid lawful basis).

8.6 No onward sharing. The Client may use the Lead Data only for the Permitted Purpose — to respond to and advise the enquirer to whom it relates. The Client will not sell, license, publish or otherwise disclose the Lead Data to any third party, and will not share it outside its own firm, without the Supplier's prior written consent, except where required by law or a regulator or where the enquirer independently instructs it. This does not restrict the Client's use of its own processors (for example IT or CRM providers) engaged under Article 28 terms to serve that enquirer.

9. INTELLECTUAL PROPERTY AND NON-CIRCUMVENTION

9.1 As between the parties, the Supplier owns and retains all right, title and interest (including intellectual property rights) in the Site, its content, the "Property Tax Partners" brand, and the systems and database used to generate, collect, filter, tier and Deliver Leads. On Delivery, the Client receives only the right to use the Delivered Lead Data to respond to and serve the relevant enquirer, in accordance with Schedule 2. The Client will not scrape, copy, resell, sub-license or transfer the Site's content, the Anonymised Summaries or the Lead flow, or use the Supplier's brands except as agreed in writing. This clause governs ownership as between the parties only and does not affect either party's status as a Controller or any data subject's rights.

9.2 Non-circumvention and non-solicitation. During the Term and for 12 months after it ends: (a) the Client will not, directly or indirectly, structure any arrangement to obtain the benefit of a Lead Offered to it otherwise than under this Agreement, or to avoid the Lead Fee for a Lead it has selected (this does not restrict the Client from acting for a person who independently is or becomes its client, and does not require payment for a Lead the Client did not select); and (b) neither party will knowingly solicit or entice away any employee of the other materially involved in this Agreement (general recruitment advertising not targeted at such individuals, and engaging anyone who responds to it or approaches independently, is permitted). These restrictions are limited to what is reasonable to protect the parties' legitimate interests.

10. WARRANTIES

10.1 Each party warrants that it has the authority to enter into and perform this Agreement and that it is duly executed and binding on it.

10.2 Each party warrants that throughout the Term it will comply with the Data Protection Legislation and Schedule 2 and, to the extent required, is or will be registered with, and has paid or will pay the data protection fee to, the Commissioner before the first Delivery, will maintain that registration, and will provide its registration reference to the other party on request. Registration is a warranty and continuing obligation only; it is not a condition of signing this Agreement.

10.3 The Supplier's warranties are limited to those expressly stated. It warrants only that (a) each Selected Lead the Client pays for is exclusive to the Client under clause 4, and (b) Selected Leads it bills

meet clause 5.1. It gives no warranty as to volume, frequency, timing, tier mix, value, conversion or revenue.

10.4 The Client warrants that it can lawfully provide property-tax and accountancy services in the United Kingdom, that the information it has given in this Agreement is accurate, and that it will deal with enquirers professionally and lawfully. Before the first Delivery, the Client will confirm in writing that its published privacy notice names the Client (as the receiving Controller) and describes the partner lead-generation source (Schedule 2, paragraph 5).

10.5 The Client will notify the Supplier of any material change to its ability lawfully to provide property-tax and accountancy services in the United Kingdom.

10.6 Except as expressly stated, all warranties and terms implied by statute or common law are excluded to the fullest extent permitted by law.

11. LIMITATION OF LIABILITY

11.1 This clause sets out each party's entire liability under this Agreement. It does not limit the Client's obligation to pay the Charges.

11.2 Nothing in this Agreement limits or excludes liability for: (a) death or personal injury caused by negligence; (b) fraud or fraudulent misrepresentation; or (c) any other liability that cannot be limited or excluded by law (including a data subject's rights and a Controller's liability to the Commissioner).

11.3 Subject to clause 11.2, neither party is liable for indirect or consequential loss. This includes loss of profit, revenue, anticipated savings, business, opportunity, goodwill or reputation, but only where that loss is itself indirect or consequential.

11.4 Subject to clauses 11.2 and 11.5, each party's total aggregate liability under this Agreement is limited to the greater of £10,000 and the total Charges paid by the Client in the 12 months before the claim first arose. The Client's obligation to pay the Charges properly due is not subject to this cap.

11.5 The cap in clause 11.4 does not apply to liability under the data protection indemnity in clause 12. That liability has its own separate super-cap instead. The super-cap is the greater of: (a) £100,000; or (b) the indemnifying party's relevant insurance limit available to meet the claim.

11.6 Each party will use reasonable endeavours to mitigate its losses. The caps apply to the aggregate of all claims, and the parties agree the limitations in this clause are reasonable.

12. INDEMNITIES

12.1 Each party (the indemnifier) will indemnify the other against losses, liabilities and reasonable costs, including compensation the other has to pay to data subjects and any fine the Commissioner imposes on the other. This applies to the extent the loss arises from either: (a) the indemnifier's breach of its data protection obligations under clause 8 and Schedule 2; or (b) where the indemnifier is the Client, its use, processing or onward disclosure of the Lead Data after Delivery, or any marketing or communication to an enquirer outside the lawful basis or permission in Schedule 2. In each case the indemnity applies only to the extent the loss is lawfully recoverable. Neither indemnity covers the indemnifier's own regulatory fine, and nothing relieves a party of its own primary liability to the Commissioner or to data subjects.

12.2 Each indemnity works as follows. First, it is fault-based and is reduced to the extent the indemnified party caused the loss. Second, it is subject to the super-cap in clause 11.5. Third, the indemnified party must: (a) tell the indemnifier about the claim promptly; (b) not admit liability without the indemnifier's consent (which will not be unreasonably withheld); (c) let the indemnifier help defend the claim; and (d) take reasonable steps to limit the loss. As an exception, the indemnified party may keep control of any

claim that affects its own regulatory or professional standing, but will not settle such a claim without the indemnifier's consent (which will not be unreasonably withheld). There are no uncapped indemnities.

13. CONFIDENTIALITY

13.1 Each party will keep the other's confidential information (including the terms of this Agreement, the Anonymised Summaries, the Lead Data, and the parties' business, financial and technical information) confidential, use it only for this Agreement, and disclose it only to personnel and advisers who need it and are bound by equivalent obligations. This does not apply to information that is or becomes public (other than by breach), is lawfully obtained from a third party, is independently developed, or must be disclosed by law or a regulator. This clause does not limit the obligations in clause 8 and Schedule 2, and survives termination for 3 years (and indefinitely for Lead Data and trade secrets).

14. INSURANCE

14.1 During the Term the Supplier will maintain professional indemnity cover with a reputable insurer of not less than £100,000 and not less than the super-cap in clause 11.5 (cyber / data-breach cover recommended), and will provide evidence on reasonable request. The parties acknowledge that professional indemnity insurance may not respond to third-party data-breach claims or regulatory fines, and each party is responsible for its own insurance.

15. TERMINATION

15.1 Either party may terminate for convenience on not less than 5 days' written notice. On such termination the Trial Period ends, but this does not affect any Selected Lead already Delivered or the Lead Fee for it.

15.2 The Supplier may suspend Offers and/or Delivery (clauses 4.3, 7.2) and may terminate immediately if the Client fails to pay any undisputed sum and that failure continues more than 14 days after written notice. This does not apply to a sum disputed in good faith under clause 7.3.

15.3 Either party may terminate immediately if the other commits a material breach that is irremediable or not remedied within 14 days after written notice, or suffers an insolvency event (broadly, it is or is deemed unable to pay its debts, makes an arrangement with creditors, or has an administrator, receiver or winding-up step taken in respect of it, or any analogous event).

15.4 Either party may terminate immediately if continued performance would breach the Data Protection Legislation, or if required by the Commissioner or a change in law, in each case after first discussing in good faith whether the issue can be remedied.

16. CONSEQUENCES OF TERMINATION

16.1 Termination does not affect rights or liabilities accrued up to termination, including the right to be paid for Selected Leads Delivered before termination, with interest and costs under clause 7.

16.2 On termination: per-Lead exclusivity for Selected Leads already paid for continues; the Client will pay all outstanding invoices and the Supplier may issue a final invoice for Selected Leads Delivered but not yet invoiced; and each party will deal with the Lead Data under Schedule 2.

16.3 Clauses that by their nature survive termination continue in force, including clauses 1, 4.1, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 16, 17, 19 and 20, and Schedule 2.

17. COMPLIANCE, ANTI-BRIBERY AND FINANCIAL CRIME

17.1 Each party will comply with all applicable laws in performing this Agreement, including the Bribery Act 2010 (and will maintain adequate procedures to prevent bribery), the Criminal Finances Act 2017 (preventing the facilitation of tax evasion), applicable anti-money-laundering and sanctions law, and the Data Protection Legislation. A breach of this clause is a material breach for the purposes of clause 15.3.

18. FORCE MAJEURE

18.1 Neither party is liable for any failure or delay (other than an obligation to pay money) caused by an event beyond its reasonable control, provided it notifies the other and uses reasonable endeavours to mitigate. If the event continues for more than 30 days, either party may terminate on written notice.

19. GENERAL

19.1 Assignment and subcontracting. Neither party may assign, transfer or subcontract without the other's prior written consent, which will not be unreasonably withheld. Two exceptions apply to the Supplier. First, the Supplier may assign or transfer this Agreement to a successor of its business or the Site by giving written notice, as long as the assignee agrees to be bound by obligations equivalent to Schedule 2. Second, the Supplier may use subcontractors, but stays responsible for what they do.

19.2 Entire agreement. This Agreement (with its Schedules and Annexes) is the entire agreement between the parties about its subject matter and supersedes all prior arrangements. Neither party relies on any statement not set out in it, but nothing limits liability for fraud.

19.3 Variation. No variation is effective unless in writing and signed by both parties, except that the invoicing cycle and operational details in the Schedules may be updated by written agreement (including email) between the parties' nominated contacts.

19.4 Waiver and severance. A failure or delay in exercising a right is not a waiver of it. If any provision is or becomes invalid or unenforceable, it will be changed only as much as needed to make it valid. If it cannot be made valid, it is removed, and the rest of the Agreement still applies. Each limitation in clause 11 and each restriction in clause 9 stands on its own.

19.5 No partnership. Nothing in this Agreement creates a partnership, joint venture or agency, or authorises either party to bind the other.

19.6 Third party rights. A person who is not a party has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce this Agreement, except that this does not affect any right of a data subject that exists apart from that Act.

19.7 Notices. Notices must be in writing and sent to the address or email in Schedule 1 (or as updated in writing). A notice by email is deemed received on transmission (or, if sent after 5pm on a Working Day or on a non-Working Day, at 9am on the next Working Day). This does not apply to the service of court proceedings.

19.8 Counterparts. This Agreement may be signed in counterparts, including by electronic signature, which together form one agreement.

20. DISPUTES, GOVERNING LAW AND JURISDICTION

20.1 The parties will try in good faith to resolve any dispute, their senior representatives meeting within 10 Working Days of a written notice of dispute; if it is not resolved within 20 Working Days of that notice, either party may commence court proceedings. This does not prevent either party from seeking urgent injunctive relief, or recovering an undisputed debt (including under clause 7), at any time.

20.2 This Agreement and any dispute or claim arising out of it (including non-contractual disputes) are governed by the law of England and Wales, and the parties submit to the exclusive jurisdiction of its courts.

SIGNED for and on behalf of the parties:

Supplier: Ashfield Trading Limited	Client: Shazin Tayub, Director of Haines Watts
Signature:	Signature:
Name: Mohammed Junayd Moughal	Name: Shazin Tayub ATT CTA
Title: Director	Title: Director
Date:	Date:

SCHEDULE 1 - COMMERCIAL TERMS

1. Site. Property Tax Partners (propertytaxpartners.co.uk) and related digital properties operated by the Supplier under that brand.
2. Commencement Date. The date of this Agreement.
3. Service. Review-and-select supply of Higher-Tier Leads: the Supplier Offers each Very High / High tier Lead as an Anonymised Summary; the Client selects those it wishes to purchase; Selected Leads are Delivered to the Nominated Address and invoiced (clauses 3, 4 and 5).
4. Trial Period. From the Commencement Date until the earlier of (a) Delivery of the fifteenth Selected Lead and (b) three months after the Commencement Date. Any continuation and any charges after the Trial Period apply only as the parties agree in writing (clause 2.2). No charge or fee change takes effect automatically.
5. Nominated Address / contact for Offers (for Leads). [INSERT Shazin's delivery email]
6. Selection Window. 2 Working Days from the time a Lead is Offered (clause 3.3).
7. Lead Fee. £150 per Selected Lead Delivered (a genuine property-tax enquiry with the enquirer's name, a verified email address and a verified telephone number — or, where the Summary showed only one verified channel and the Client selected the Lead anyway, that one channel — materially corresponding to the Anonymised Summary selected). Billable on Delivery.
8. Other Charges. None.
9. VAT. Supplier not VAT registered (clause 6.2).
10. Invoicing. One invoice at or near the start of each calendar month for the Selected Leads Delivered in the preceding calendar month (each such month a "Billing Period"), with any credits and an itemised Lead Statement (clause 6.3); payable within 14 days. The parties may vary the cycle by written agreement.

11. Payment. By bank transfer, as set out on each invoice.

12. Credits. No credit is available for anything disclosed by or reasonably inferable from the Anonymised Summary the Client selected (clause 5.4); the Client bears the burden of proof; a Lead is credited on one ground only. The Client is solely responsible for running and contemporaneously logging its own outreach; steps or logs it misses within the window are not a ground for credit and do not extend any window (clause 5.11). (a) Objective / automatic credit (clause 5.5): flag within 3 Working Days of Delivery, with evidence, for a not-genuine / duplicate-within-30-days / out-of-scope enquiry, dead contact details (every verified channel Delivered is dead — where both email and phone were Delivered, both must fail; where the Client selected a one-channel Lead, that channel must fail — a live number that goes unanswered or to voicemail does not count), or a Delivered Lead materially different from the Summary. (b) Dead-lead credit (clause 5.6): details live but no engagement at all, on evidence of no fewer than 7 (up to 9) attempts over the 14 days from Delivery, starting within 2 Working Days, across every channel Delivered (call / voicemail / text / email, as available; where both phone and email were Delivered, including at least one call and one written message), spread over at least 5 separate days, with a contact log; any engagement by the enquirer voids it. (c) Already-advised credit (clause 5.7): the enquirer had already engaged another adviser for the specific work before enquiring (an existing general accountant does not count), evidenced by the enquirer's own unprompted confirmation, flagged within 14 days. An enquirer who engages an adviser at or after enquiring, or by the time of contact, remains chargeable.

13. Late payment. 8% above the Bank of England base rate, plus statutory fixed-sum compensation and recovery costs (clause 7).

14. Suspension. The Supplier may suspend Offers and/or Delivery if undisputed sums are unpaid more than 10 Working Days after written notice (clauses 4.3, 7.2).

15. Termination for convenience. 5 days' written notice by either party (clause 15.1).

16. Insurance and caps. Supplier professional indemnity at least £100,000 and not less than the super-cap, cyber / data-breach cover recommended (clause 14). Mutual aggregate liability cap: greater of £10,000 or 12 months' Charges (clause 11.4). Data-protection super-cap: greater of £100,000 or relevant insurance limit (clause 11.5).

17. Contacts and notices.

SCHEDULE 2 - DATA SHARING AND DATA PROTECTION

This Schedule is an independent controller-to-controller data sharing arrangement, aligned with the UK GDPR and the Data Protection Act 2018 (as amended by the Data (Use and Access) Act 2025) and the Commissioner's data sharing guidance.

1. Status and purpose. The parties share the Lead Data as independent Controllers, each responsible for its own compliance; the Client decides independently whether and how to respond to and advise each enquirer; neither is the other's Processor and this is not an Article 28 contract. The "Permitted Purpose" is enabling the Client, as a specialist firm, to receive and respond to the enquirer's property-tax enquiry and provide the requested information or advice. Each party processes the Lead Data only for the Permitted Purpose or a compatible purpose. All processing takes place in the United Kingdom; neither party will make a restricted transfer outside the UK without a valid mechanism under Articles 44 to 49. Neither party will take a decision based solely on automated processing that has legal or similarly significant effects on an enquirer, except in compliance with the UK GDPR.

2. Roles and registration. The Supplier is the disclosing Controller; the Client is the receiving Controller (from Delivery). Each is, or will be before the first Delivery, registered with the Commissioner and has paid or will pay the data protection fee (to the extent required), and will maintain that registration for the Term. Contacts are in Schedule 1, paragraph 17; each party's data protection contact there is its single point of contact for matters under this Schedule (including breach notification under paragraph 9, data subject rights under paragraph 10 and cooperation on complaints), and each party will keep that contact current and notify the other in writing of any change.

3. Lawful basis. The Supplier shares the Lead Data on the basis of the legitimate interests of the parties under Article 6(1)(f) of the UK GDPR (connecting an enquirer who has asked for specialist property-tax help with a specialist firm), together with Article 6(1)(b) where the sharing is necessary to take steps at the enquirer's request. The Supplier holds a documented Legitimate Interests Assessment and, at the point of collection, tells the enquirer that their details will be shared with a firm from the Supplier's specialist partner network (disclosed as a category of recipient, not named) and that the firm will contact them. Because recipients are disclosed as a category, the Supplier decides which firm in its network receives a given Lead, and a Lead a firm declines may be routed to another firm in the network for the same Permitted Purpose. Where the Supplier relies on consent instead (or for any PECR electronic marketing), it will obtain specific, informed, freely given, unbundled consent, by clear affirmative action, naming the category of recipient. For each Lead, the Supplier will: (a) keep evidence of the lawful basis (and, where consent is relied on, keep the consent version, the exact wording shown, the date and time, and any IP address); (b) tell enquirers they can withdraw, and give them a way to withdraw that is as easy as the original opt-in; (c) send the relevant lawful-basis information with each Delivery; and (d) not Deliver a Lead if the required basis or consent is missing or has been withdrawn.

4. Special category data. The parties will design the enquiry form to avoid collecting special category data (Article 9) and will minimise special-category or unnecessary sensitive detail in free-text fields. Any special category data collected will be handled under an appropriate Article 9 condition (such as explicit consent) and minimised or redacted where possible before sharing.

5. Transparency. At the point of collection, the Supplier will give the enquirer an Article 13 privacy notice. It will cover: the Supplier's identity; that a firm from the Supplier's specialist partner network (a category of recipient, not named) is a recipient; the Permitted Purpose; the lawful basis; the retention period; the enquirer's rights; and how to complain to the Commissioner. Those rights include the right to object under Article 21 where the basis is legitimate interests, and the right to withdraw consent where consent is relied on. The approved wording is in Annex B. Because the Supplier discloses recipients by category, the enquirer learns the identity of the specific receiving firm from that firm's own Article 14 notice at first contact. The Client will: (a) give the enquirer Article 14 information, including its own identity as the receiving Controller and that it received the enquiry from the Supplier's partner lead-generation website, normally at first contact and within one month of receipt; and (b) only rely on the Article 14(5)(a) exemption if the Supplier's records show the enquirer already has that information. Each party keeps its published privacy policy consistent with this Schedule.

6. Response versus marketing (PECR). The Client may contact the enquirer to provide the property-tax information or advice requested; this is a response to the request, not direct marketing. Neither party will send other-service electronic marketing without a lawful PECR basis, and the Client will not rely on the regulation 22(3) soft opt-in for these Leads (it has no prior customer relationship with the enquirer). Each party will honour opt-outs and objections, keep its own suppression list, and tell the other within 2 Working Days of any withdrawal, opt-out or objection, so that both can apply it.

7. Data specification and quality. The Lead Data is limited to the fields in Annex A; neither party will share or require more than necessary for the Permitted Purpose. The Supplier shares the data as submitted and does not warrant its accuracy; each party takes reasonable steps to keep the data it holds accurate and tells the other of any inaccuracy without undue delay.

8. Security. Each party implements appropriate technical and organisational measures (Article 32). Selected Leads are transmitted by a secure method (encryption in transit, for example a TLS-secured connection or secure portal / API), not by unencrypted means, with access controls and personnel bound by confidentiality.

9. Personal data breach. On becoming aware of a Personal Data Breach affecting the Lead Data, a party will notify the other without undue delay and within 24 hours, with the information in Article 33(3) (the nature of the breach, the categories and approximate numbers affected, the likely consequences and the measures taken), so the other can meet its 72-hour notification to the Commissioner and any notification to data subjects. The parties will cooperate to investigate, contain and remediate, and each keeps a record of breaches affecting the Lead Data.

10. Data subject rights and complaints. Each party handles requests about the Personal Data it holds (access, rectification, erasure, restriction, portability and objection), gives the other reasonable assistance, acknowledges a forwarded request within 5 Working Days, promptly forwards a misdirected request, and may make reasonable and proportionate searches and pause for clarification or identity verification. Each operates an accessible complaints procedure, acknowledges a complaint within 30 days, investigates proportionately and informs the complainant of the outcome; where a complaint concerns the shared data, the parties cooperate.

11. Retention, records, review and liability. The Supplier will delete or anonymise the Lead Data (the enquirer's contact details and any message) within 3 months of Delivery. It may keep only the minimum needed to: evidence the lawful basis and consent; support billing, reconciliation and the audit right in clause 6.6; and meet legal duties. This includes the Delivery Log, which the Supplier keeps for at least 24 months. The Client retains the Lead Data only as long as necessary for the Permitted Purpose or its engagement, then deletes or anonymises it. On termination, each party deletes or returns Lead Data no longer needed for a lawful purpose and certifies deletion on request, subject to any legal retention. Each party will keep its own Article 30 records of the sharing. Before go-live, the Supplier will carry out and document a DPIA or screening assessment and share the outcome. The parties will review this Schedule at least once a year, and whenever there is a material change in the sharing, the lawful basis or the law. The Client will not further disclose the Lead Data except for the Permitted Purpose with a lawful basis, or as required by law. As between the parties, liability for data protection breaches is allocated by clause 12 and is subject to the super-cap in clause 11.5; nothing in this Schedule limits a data subject's rights or a Controller's liability to the Commissioner.

ANNEX A - DATA SPECIFICATION

Item	Detail
Data subjects	Persons enquiring through the Site (landlords, property investors and others seeking property-tax advice) whose Higher-Tier Leads the Client selects.

Personal data shared	Name; verified email address; verified telephone number; the enquirer's self-selected role; self-disclosed portfolio-size band; and the enquiry message, which may include the enquirer's property and tax circumstances. General personal data only.
Data shared at Offer stage	Anonymised Summary only (tier and rationale, enquiry intent, role and portfolio band, verification status, redacted message); no direct identifiers until the Client selects the Lead.
Special category data	None intended to be collected or shared (paragraph 4).
Direction	Supplier to Client (one way).
Lawful basis (Supplier share)	Legitimate interests, Article 6(1)(f) (and 6(1)(b) where applicable), with a documented LIA (paragraph 3).
Lawful basis (Client receipt)	Legitimate interests, Article 6(1)(f), with a documented LIA.
Method of transfer	Secure forwarding to the Nominated Address on selection, encrypted in transit, with the relevant lawful-basis metadata.
Retention (Supplier)	Delete / anonymise the Lead Data within 3 months of Delivery (evidence and the 24-month Delivery Log carved out, paragraph 11).
Retention (Client)	As long as necessary for the Permitted Purpose / engagement, then delete or anonymise.
Breach contacts	Supplier: Mohammed Junayd Moughal, junayd@ashfieldtrading.com. Client: Shazin Tayub, [INSERT email].

ANNEX B - CONSENT AND PRIVACY-NOTICE WORDING

B.1 Category-based disclosure (firm-agnostic). The Site names the recipient only as a category — "a firm from our specialist partner network" — and never names the individual receiving firm. This is what lets the Supplier route a declined Lead to another firm in its network without changing the Site or this Annex. The wording in this Annex is therefore constant across all firms and does not change per Client.

B.2 Lead-form acknowledgement. Because the lawful basis for the share is legitimate interests (paragraph 3), and not consent, the line is presented as an acknowledgement (submitting the enquiry is the affirmative act) rather than a tick-to-consent box. On each lead-capture form the Supplier will display:

> "To answer your enquiry, your details may be shared with a firm from our specialist partner network who will contact you. By submitting this enquiry you confirm you understand this. See our Privacy Policy."

The receiving firm identifies itself to the enquirer in its own Article 14 notice at first contact (Schedule 2, paragraph 5); the Site does not name it and does not link to any individual firm's privacy policy.

B.3 Email-only sign-up (newsletter) - NOT a Lead. The Supplier's email-only newsletter sign-up uses separate marketing-opt-in wording that does not permit sharing with, or contact by, any partner firm; newsletter subscribers will not be Offered or Delivered as Leads.

B.4 Privacy notice. The Supplier's privacy policy will identify the Supplier; describe the recipients as a category ("firms in our specialist partner network — accountancy and tax advisers"), without naming individual firms; and give the Permitted Purpose, the lawful basis, the retention period, the enquirer's rights (including the right to object) and the right to complain to the Commissioner. It will explain that the specific firm contacting the enquirer will identify itself and provide its own privacy information.

B.5 The Supplier will not materially weaken the wording in this Annex in a way that removes the disclosure of the partner-network sharing without the Client's prior written agreement (not to be unreasonably withheld). The Supplier may amend it to keep it accurate for the network as a whole.

End of Agreement and Schedules.
